FEELING.

MENU

Welcome to Dosabae

At Dosabae, we believe South Indian food can be comforting, familiar, exciting and full of surprises — all at the same time.

Our menu is inspired by the flavours we grew up loving: crisp dosas, soft idlis, hearty classics, rich chutneys and comforting beverages. But at Dosabae, we also like to experiment. That is why alongside traditional favourites, you will find bold fusion creations, playful combinations and flavours that bring something new to the table.

From a perfectly crisp dosa straight off the tawa to a soft, warm idli made for dipping into flavour-packed accompaniments, every dish is prepared to make your experience memorable. Our food is about freshness, texture, balance and that unmistakable satisfaction of a meal made with care.

Whether you are here for a classic favourite, trying one of our signature creations, catching up over filter coffee, or simply exploring something different, there is always something at Dosabae worth coming back for.

We want every visit to feel easy, warm and full of flavour.
Traditional at heart. Playful in spirit.
Made fresh. Served with love.

Welcome to Dosabae. A fresh take on the flavours of the South.
